In preparing briefings on Records Mgt Program
for the oncoming Ex-Director the C/SSS
revised the records holdings for the DDI
for 1960 from

122,592 to 39,600 cu ft.

This reduced the total Agency holdings
for 1960 to

155,571 cu ft.

(NPIC erred in report for 1960 and corrected
it in 1961) We did not amend the 1960 figures
because charts, graphs, and reports had been
prepared and distributed for 1960 and it was
decided to let the figure stand.
